Is it Safer to Wait?

<https://SaferToWait.com>

1. Children are at extremely low risk from Covid-19
2. Children are not drivers of transmission
3. The vaccines use completely new technologies
4. Serious and fatal adverse reactions have been reported
5. There is no medium or long-term safety data
6. The vaccine manufacturers have zero liability
7. Natural immunity is safe and effective
8. There are safe and effective treatments for COVID-19
9. Past “emergency use” vaccines have caused harm
10. The Covid vaccines do not prevent spread or transmission

What can you do to help?

- Inform yourself about covid treatments.
- Inform yourself about vaccine injury treatments.
- Inform other medical professionals.
- Band together, speak up!
- Be a whistleblower, do not let “them” silence you.
